DartFish

The EYC has purchased a video analysis software package that allows the pros to break down and critique individual strokes. This will be used in private lessons and instructional events when possible or requested. There will be no additional charge for this feature. However, members must be aware that they will be taking time out of their session for this to be done. It is impossible for the pros to review and critique your session at another time.

Food For Tennis Events

If the tennis function includes a buffet or sit-down dinner offered by the EYC, you will be asked to make your dining reservation separately through the front desk at 781.631.1400. The tennis shop will no longer be able to take food reservations. The EYC enforces their forty-eight hour cancellation policy for dinner reservations.
